AI RX LIVE DEMO STUDIO

ADVANCED AI FOR DOCTORS

6-WEEK HANDS-ON PROGRAMME

A practical programme for doctors and healthcare professionals to use AI responsibly in clinical reasoning, patient communication, documentation, research and workflow design.

**Learn the workflow. Question the output.
Keep the decision human.**

PATIENT FIRST | DOCTOR LED | AI ASSISTED

WHAT YOU WILL PRACTISE

Structured activities built from the current AI Rx workshop resources.

01 Specialty-ready prompts

Detailed prompts with fictional PDF attachments for practical lab use.

02 AI vs Doctor cases

Compare pattern matching with clinical judgement, context and tacit cues.

03 Research and documentation

Source checks, evidence briefs, clinical documentation and workflow labs.

04 Responsible decision support

Privacy, uncertainty, verification, patient communication and human oversight.

WHO CAN JOIN?

Doctors | Residents | Researchers | Medical educators | Hospital leaders | Healthcare and life sciences

PROGRAMME ENQUIRIES
